

Gearing Elementary School CORE BELIEFS

The staff of Gearing Elementary School believes that:

- **school exists for the education of all children.**
- **school plays a major role in the future life success of all students.**
- **staff should conduct themselves as professionals. It is our responsibility to model and promote positive behavior within a supportive and safe environment.**
- **children are at the heart of everything we do. Our practice should reflect their best interest.**
- **staff must collaborate to implement effective instructional strategies that ensure student learning.**
- **staff must monitor individual student progress toward intended outcomes with a commitment to provide support and intervention to ensure all students learn.**
- **character is important. We help shape a child's character.**
- **our school must partner with members of our community to provide an optimal educational experience for our students.**
